Education

Babu Banarasi Das Northern India Institute of Technology September 2020 – June 2024
Bachelor of Technology (Computer Science and Engineering) *Lucknow*

Christ Church College Year of Passing: 2020
ICSE (Class X): 72%, ISC (Class XII): 77% *Lucknow*

Experience

Software Engineer June 2024 – Present
Arivani Technologies Pvt Ltd., Lucknow *Lucknow*

- Built full-stack web and cross-platform mobile applications using the MERN stack and React Native, with seamless API integrations.
- Implemented secure authentication systems with JWT, including email verification and role-based access control.
- Developed real-time chatbot apps using Socket.IO and NLP, enabling dynamic two-way communication with AI-driven responses.

Mern Stack Developer Intern July 2023 – September 2023
Digipodium *Lucknow*

- Developed a Dynamic Portfolio Website to showcase creative projects and skills, with a visually appealing design.
- Ensured a seamless user experience by implementing intuitive interfaces and optimized performance.

Projects

My Bnking AI (Arivani Technologies Pvt Ltd.) **April 2025**

- Developed responsive UI components and integrated APIs for the MyBanking AI mobile app using React Native, enhancing customer experience with AI-driven features like virtual assistants and predictive analytics.
- Contributed to admin panel development and backend features using Node.js, Express.js, and MongoDB, supporting real-time fraud detection, personalized banking, and compliance tools for financial institutions.
- Website: https://mybnkingai.org/
- Android App : https://play.google.com/store/apps/details?id=org.mybnkingai.mybnkingai
- Ios App : https://apps.apple.com/us/app/my-bnking-ai/id6717609325

The Muscle Engineers (Arivani Technologies Pvt Ltd.) **December 2024**

- Developed responsive UI components for web and mobile using React, React Native (Expo), Tailwind CSS, and Material UI, integrating RESTful APIs for user registration, service listings, booking, and calendar management.
- Implemented booking validation with date/time slot management, buffer times, holidays, practitioner availability, and real-time notifications using Socket.IO and JWT authentication.
- Website : https://themuscleengineers.com/
- Android App: https://play.google.com/store/apps/details?id=com.ityogistechllc.muscleengineersapp
- Ios App: https://apps.apple.com/us/app/the-muscle-engineers/id6677018574

NLP VERSE (AI Powered NLP Chatbot) **October 2024**

- MERN and Next.js-based chatbot platform with node-nlp for training on custom Q&A pairs which Understands input variations (e.g., “hi”, “heyy”, “hii”) using NLP and real-time chat with secure JWT-based authentication.
- Utilized MongoDB, Express, React, Node.js, Tailwind CSS, and deployed on Render for smooth, secure user experience.
- **Website**: https://nlp-verse.vercel.app

Esports Arena (Web & Mobile App) **July 2024**

- Web and Mobile App which revolutionized the esports ecosystem by developing a unified platform for gamers to discover, register, and participate in tournaments globally.
- **Website**: https://esports-arena.vercel.app
